Quality & Tradition
since 1991

BISCUITS

TARALLI

PANETTONE

BRIOCHE

CAKES

The TIMS Factory was registered in 1991 as an independent family business. Its operation started with the production of bread in a few rented facilities in the town of Haskovo and its surroundings.

- In 1995, we extended our product range when together with bread we started producing a wide variety of baked goods, including original brioche products.*
- In 1999, the first industrial facilities for production of factory-made bread were introduced.*
- In 2005, the TIMS trademark was registered and we started working with the international retail chains in Bulgaria. TIMS quickly became a leader in the category of brioche and bread baked goods. Our factory is certified in accordance with the contemporary quality and food safety standards (ISO, FSSC, etc.).*
- In 2008, the CAKE MANIA European trademark was registered, and the production range was further extended with cakes, cookies and other baked sweets.*

Today, the TIMS Factory is a facility equipped with the latest technological solutions. Following the global development trends in the field, we use the most high-quality raw materials, approved by European and global trademarks.

We work successfully with the leaders in European and global trade—METRO, CAREFOUR, PENNY MARKET, BILLA, KAUF LAND, FANTASTICO, and PICCADILLY in Bulgaria, Cyprus, England, Romania, Greece, Spain, Turkey, Israel and others, a total of over 20 countries in Europe and Asia.

"We produce the tastiest flour goods!"
